Dear Ms. Wang:

On February 10, 2011, an inspector from the Hawaii Department of Agriculture noted that on February 5, 2011, Xiao Qing Wang of Wonder Farm, Inc. used the pesticide PYRONYL CROP SPRAY (EPA Reg. No. 655-489) in a manner inconsistent with Agricultural Use Requirements specified on the pesticide labeling concerning the Worker Protection Standard and in violation of Section 149A-31(1) of the Hawaii Pesticides Law. The following are the factual circumstances of the violation:

1. A Central Notification Site with an EPA-approved safety poster was not available.
2. The emergency medical information was not displayed.
3. The pesticide application records were not posted in an area readily accessible to workers and the active ingredient was missing from the available records.

We are aware that subsequent to the February 10, 2011 inspection, corrections were made to ensure compliance with the Worker Protection Standard.

This warning notice is issued to you pursuant to Section 149A-41(a) of the Hawaii Pesticides Law. You should ascertain that any further use of the pesticide PYRONYL CROP SPRAY be in full compliance with the provisions of the Hawaii Pesticides Law.
